Customized Energy Solutions

Analyze · Simplify · Implement

Market IQ

Actionable intelligence for evolving North American energy markets.

CES Market IQ delivers timely insights into North American ISO/RTO markets, regulatory changes, and policy developments. By combining curated reports, targeted alerts, and analyst-led briefings, Market IQ enables energy participants to understand emerging rules, anticipate market shifts, and make informed decisions with confidence. Our intelligence platform supports diverse stakeholders navigating the complexity of wholesale markets, price formation, renewable integration, and market design evolution.

Why CES?

- Deep ISO/RTO Expertise built through decades of active stakeholder participation.
- Comprehensive Market Coverage across PJM, ISO-NE, MISO, NYISO, ERCOT, CAISO, SPP, Canada & Markets+.
- Expert-Led Analysis translating complex regulatory actions into clear strategies
- Multi-Sector Value supporting generators, traders, retailers & policy teams.
- Continuous Engagement through reports, webinars, alerts, and on-demand consulting.

MIQ Reports

MIQ Reports provide quarterly, ISO-specific intelligence with detailed updates on regulatory actions, policy reforms, and market design developments. Each report distills complex stakeholder activity into clear impact assessments and timelines, helping organizations understand what's changing and how it affects their commercial, operational, or strategic priorities.

Customized Briefings & Webinars

Our expert-driven briefings offer direct, interactive engagement on market updates relevant to your region, portfolio, or technology. These sessions cover emerging regulatory issues, ISO filings, policy changes, and forward-looking developments, enabling teams to ask questions, validate assumptions, and prepare proactively for upcoming shifts.

Market Design & Policy Alerts

CES provides targeted alerts that highlight critical regulatory changes, price formation updates, capacity reforms, and DER integration pathways. These alerts summarize impacts, deadlines, and recommended actions in a timely format—helping organizations respond strategically while minimizing compliance risk.

Strategic Commentary

Our analysts deliver perspective on key market movements, explaining the implications behind evolving price trends, policy shifts, resource adequacy concerns, and long-term planning signals. This commentary supports decision-makers seeking context, comparison across markets, and clarity in fast-changing environments.

Who We Support

CES Market IQ supports developers, traders, compliance teams, executives, asset managers, policy analysts, and risk management professionals operating across multi-market portfolios. Whether shaping investment strategy, preparing for regulatory changes, or tracking market fundamentals, MIQ provides the intelligence needed to stay ahead.
